SY-4000RA	8/240, 10/200, 12/160	6.2:1	12.5	4

Symetre™ has everything the very serious angler needs. This year Symetre™ has been heavily upgraded with DynaBalance™, an oversized line roller, the addition of a fourth stainless steel ball bearing, the inclusion of a spare graphite spool, and improved cosmetics! Great features such as high speed gear ratios and AeroWrap™ for improved casting performance remain from last year to satisfy this demanding consumer.

Additionally, Symetre™ offers a choice of both front and rear drag models in all 3 sizes. Rear drag models feature Fightin' Drag II®, the most user-friendly system available as far as adjustments are concerned. QuickFire II® is also found on all models of Symetre™, enabling quick, one-handed casting.
